

ANTIOXIDANT HAIR SERUM

DESCRIPTION

Styling, sun exposure, wind and salon treatments aren't exactly kind to your hair. Modere Antioxidant Hair Serum is here to help. This restorative potion contains a concentrated exotic blend of kendi, nyamplung, and argan oils to infuse troubled hair with moisture and to smooth frayed and split strands. Our nourishing formula seals, smooths and boosts shine leaving your hair looking like it needs its own selfie.

You know when your hair needs a little extra attention. Dry, damaged and stressed hair shows. Antioxidant Hair Serum by Modere nourishes, smooths, and enhances hair with a blend of exotic oils infusing troubled hair with moisture and sealing frayed and split strands leaving your hair looking and feeling its best. Use after Modere Shampoo and Conditioner for the ultimate.

FEATURES & BENEFITS

- Nourishes and enhances hair with not one, not two, but a blend of five natural and enriching oils.
- Seals, smooths and boosts shine.
- Supports hair hydration and nourishment.
- Helps prevent split ends.
- Anhydrous (nerd talk for no water) serum base preserves antioxidant integrity.
- Highly concentrated, use only a drop for fine hair.
- Will not weigh the hair down.

ANTIOXIDANT HAIR SERUM

KEY INGREDIENTS

- **Ethyl macadamiate** - This fatty acid ester of Macadamia oil adds smoothness and brings ridiculous amounts of shine to the hair.
- **Aleurites moluccana seed oil** - Also known as kendi oil, this rich oil penetrates quickly to help seal the hair cuticle, helping it to detangle and enhance hair's strength resulting in less frizz, splitting, and breaking.
- **Argania spinosa kernel oil** - A plant oil produced from the kernel of the argan tree native to Morocco, argan oil is full of antioxidants and deeply nurtures and moisturizes hair.
- **Simmondsia chinensis (jojoba) seed oil** - The oil of the jojoba plant is not actually an oil but a liquid wax that is rich in vitamins and minerals. It nurtures and moisturizes the hair.
- **Calophyllum inophyllum seed oil** - More commonly known as nyamplung oil, it is a powerful antioxidant rich in tocotrienol and unsaponifiables which limits exposure to UV light, the primary cause of hair-color fading. It helps to maintain brilliant colour and shine.

INGREDIENTS

Cyclopentasiloxane, dimethiconol, ethyl macadamiate, aleurites moluccana seed oil, argania spinosa kernel oil, simmondsia chinensis (jojoba) seed oil, calophyllum inophyllum seed oil, fragrance (parfum).
