

CELL PROTECT

DESCRIPTION

Cell Protect is a powerful antioxidant support for the whole body. Every day your body is subject to attack from free radicals. There's no escaping them, our own bodies produce them, they're in the air, in food and drink, tobacco smoke, pesticides, and other pollutants.

Antioxidants neutralise free radicals but to tackle the wide variety of them, you need more than one type of antioxidant to protect your body's cells from oxidative stress.

Modere Cell Protect provides a diverse, powerful blend of fat- and water-soluble antioxidants designed to help you feel healthier, supporting your cells defenses.

FEATURES & BENEFITS

- Vitamins C and E both contribute to protecting cells from oxidative stress. Vitamin A plays a role in the process of cell specialisation.
- The carefully blended powerhouse of nutrients and antioxidants provide a contemporary solution to support your body.

CELL PROTECT

KEY INGREDIENTS

Vitamin A

- Contributes to normal iron metabolism.
- Has a role in the process of cell specialization.
- Contributes to the normal function of the immune system.

Vitamin C

- Contributes to the protection of cells from oxidative stress.
- Contributes to maintain the normal function of the immune system during and after intense physical exercise and to normal energy-yielding metabolism.
- Contributes to the reduction of tiredness and fatigue.
- Contributes to the regeneration of the reduced form of vitamin E.
- Increases iron absorption.

Vitamin E

- Contributes to the protection of cells from oxidative stress.
- **Curcumin (Turmeric)** – Has a rich history in both European and Indian traditions, a commonly used spice for cooking and supplementation.
- **Maritime Pine Bark Extract** – Includes chemicals called oligomeric proanthocyanidin complexes (OPCs).

INGREDIENTS

Calcium carbonate, calcium ascorbate, grape seed (vitis vinifera) extract, thickeners: (gum arabic, sodium alginate), maltodextrin, anti-caking agents: (fatty acids, silicon dioxide), turmeric (curcuma longa) root extract, bulking agent: cross-linked sodium carboxymethylcellulose, emulsifiers: (methylcellulose, glycerin), ginkgo biloba leaf extract, dl-alpha tocopheryl acetate, modified starch, beta carotene, pea starch, water, maritime pine (pinus pinaster) bark extract.

FACTS

Directions

Take one tablet twice daily with meals.

Size

60 tablets

Product code

16002GB/BE

Allergy advice

Contains soy. Suitable for vegans and vegetarians. Do not exceed recommended dose, always read the label.

Companion products

Protozymes, Mineral Classic or Solutions, Hawaiian Noni, Omega 3, Green Qi, Adult Multivitamin.
