

MōDERE™

DAY CREAM DRY SKIN

DESCRIPTION

Moderne Day Cream for Dry Skin is a unique daytime anti-aging complexion moisturiser to defend, deeply hydrate and greatly improve skin's, firmness and luminosity.

With a powerful peptide complex of Tripeptide-1, hydrolyzed soy protein, and hydrolysed wheat protein, our Day Cream Dry Skin infuses your skin with deep hydration and protection against harmful environmental stresses. Restore your skin's healthy complexion and elasticity by using this powerful daily moisturiser.

FEATURES & BENEFITS

- Promotes the appearance of skin surface firmness and luminosity.
- Protects skin against environmental stresses while boosting skin's own resilience.
- Oxidative cascade quenching fruit and plant extracts calm unsettled skin and boosts a healthy appearance.
- Supports optimum hydration and moisture balance.

DAY CREAM DRY SKIN

KEY INGREDIENTS

- **Hydrolyzed Algin** is a unique compound derived from algae that defends against environmental factors, such as pollution.
- **Global Botanicals**, including the resurrection plant, nourish and protect the skin.
- **Vitamins C and E** are both potent antioxidants.
- **A special formula of botanicals and nutrients** that create our proprietary Auto Defense Complex, which helps further protect your skin against environmental stresses.
