

# DEODORANT

## DESCRIPTION

Modere's aluminium free deodorant provides long-lasting odour protection with pure ingredients cultivated in nature's herb garden. Our natural deodorant features aloe vera, coriander and eucalyptus leaving you smelling fresh, clean and like you just took a stroll through a meadow.

Whether you want to admit it or not, we all perspire — or as we like to call it “glisten”. Perspiration itself is odourless, but when it mixes with bacteria, in the dark crevasses of your arm pits it produces that distinct, unpleasant smell. Our natural Deodorant stops offending body odour by neutralizing stink-causing by-products before they have a chance to cause embarrassing body odour.

What's more, Modere Deodorant aluminium free. Hug people with reckless abandon and keep your friends and family close — literally — without fear thanks to Modere Deodorant.

## FEATURES & BENEFITS

- Defends against body odour.
- Delivers long-lasting odour protection.
- Free of aluminium salts.
- Provides a fresh, clean, natural scent.
- Helps soothe delicate under-arm area.

## KEY INGREDIENTS

- **Aloe barbadensis leaf juice** is traditionally used as a moisturiser and its natural compounds are soothing on the skin.
- **Eucalyptus globulus leaf extract** is known for its pleasant smell and deodorant properties.
- **Hamamelis virginiana (witch hazel) extract** is a natural astringent, its powerful properties are very suitable for under arm skin care.
- **Salvia officinalis (sage) leaf extract** helps neutralize odour on the skin.
- **Coriandrum sativum (coriander) seed extract** is a very active herb which also helps neutralise odour on the skin.
- **Commiphora myrrha resin (myrrh) extract** is one of the world's most ancient extracts, used topically to calm stressed skin.

## FACTS

### Directions

Shake well before using. Apply Modere Deodorant and massage in until completely absorbed. Massage assists the effectiveness of the botanicals. Use at least daily (hopefully your mother taught you that, but if not — you're welcome for this free life lesson). Do not apply to damaged, inflamed, or compromised skin. If it causes irritation, discontinue use.

### Size

50ml
