

WRINKLE GUARD

DESCRIPTION

Every day, your skin is bombarded by the environment, and with age, the skin loses efficiency in cell turnover. Older skin may look dry, with an uneven texture. You can't avoid skin aging, but you can hold it at bay. Reduce the appearance of aging through proper nutrition and by using moisturizing skin care products that support the skin's natural protective barrier, like Modere Wrinkle Guard.

Wrinkle Guard sends the right ingredients to your skin, visibly improving skin texture with nutrients to enrich the skin's surface. It protects and nourishes, while improving the feel of dry skin, to promote a smooth complexion. Wrinkle Guard refines skin's texture to leave the complexion looking young and beautiful and delaying the appearance of skin aging.

Based on both traditional and scientific skin care therapies, this classic, safety-conscious formula combines active ingredients like vitamin E, French plum oil, and rose hip oil for a texture-enhancing treatment that soothes and nurtures skin. This matrix works synergistically to reduce the appearance of roughness, dryness, pores, and unsightly skin, while providing skin with a significant source of moisturizing nourishment.

By combining rose hip oil, French plum oil and vitamin E, Wrinkle Guard by Modere is a modern day "fountain of youth" that can help minimize the appearance of fine lines and wrinkles.

FEATURES & BENEFITS

- Improves skin texture, leaving skin looking softer and smoother.
- Moisturizes dry skin.
- Helps support the natural skin moisture barrier with lipid ingredients.
- Provides antioxidant benefits to the skin to reduce the appearance of fine lines and wrinkles.

WRINKLE GUARD

KEY INGREDIENTS

- **Rosa Canina Fruit Extract** - Supports the skin's natural moisturizing factor. Commonly known as rosehip oil, this ingredient helps to strengthen the moisture barrier and prevent moisture loss.
- **Tocopheryl Acetate** - A form of Vitamin E that provides antioxidant benefits to the product and helps to reduce the appearance of fine lines and wrinkles.
- **Prunus Dimestica Seed Oil (French Plum Oil)** - High in linoleic acid and oleic oil, which are both fatty acids that improve skin's moisture and overall appearance.
- **Zingiber Officinale Root Extract (Ginger Root)** - A skin conditioner powerhouse able to visibly even skin tone, improve skin texture, and reduce the appearance of fine lines and wrinkles.
- **Bidens Pilosa Extract** - A botanical ingredient that has been used for centuries to condition skin.
